

**I'm a student.**

Craig, what do you do for work?

I'm still a student.

What school do you go to?

Boston University.

That's a good school. What do you study?

I'm studying English, math, and history. My major is English.

How long have you been studying English?

More than six years.

That's a long time.

Yeah, I started to learn English when I was in high school.

No wonder your English is so good.

Actually, it's not that good. I can read but I can't speak very well. I haven't had a lot of chance to practice.

I see. Talking with other people is very important.

Yes, but I still don't have many friends here yet.

I'm having a party tonight at my apartment. You should come.

Oh thanks for inviting me. I'd love to come.
